IMPORTANT SAFETY INFORMATION:

To ensure the stability of the VT-194D wine cooler when doors or drawers are fully loaded and open, the included anti-tip bracket must be securely installed to the ground, as per the instructions in the manual. Proper installation of this bracket is essential for safe operation and to prevent tipping.

*Note: Wine Cooler storage will depend on bottle type. Storage capacities are based on standard Bordeaux bottles. Make sure that Wine Coolers have enough room to 'breathe' i.e. ventilation. Stifling can cause the unit to malfunction or sweat. *Measurements include door handles and hinges where applicable. Adjustable Leveling Feet (+/- 10mm)*

Suggested Applications: **Café, Restaurant, Bar, Pub, Kitchen, Office**
